40 cents

New CUPE contract ratified by County

Haliburton County council held a special meeting last Wednesday night to ratify a two year contract with its roads workers, who are members of the Canadian Union of Public Employees Local 1960.

The contract, final details of which were worked out in a conciliation session January 29, includes a four stage wage increase over the next year and a half.

Workers will get 50 cents an hour retroactive to January 1 of this year, with a further 20 cent an hour increase on July 1.

On January 1, 1986 wages will rise by an additional 40 cents per hour. The final 20 cent an hour increase called for in the new contract will take effect July 1, 1986.

The increases, totalling \$1.30 over the life of the contract, will be added to previous hourly rates which ranged from \$8.39 for labourers to \$9.27 for machine operators.

Wages were the major issue in talks between the two sides, but the new contract also includes a number of minor changes which are said to be of a 'housekeeping' nature.

Easter Seal campaign about to get underway

The Rotary Club of Haliburton will launch its annual Easter Seal campaign with an information mail-out to area residents within the next few days.

Goal of the local campaign is \$3,700, according to the club's Easter Seal chairman, Art Dawson. Half of the funds raised in the community will be used to assist local children with physical handicaps, while the remaining 50 percent is returned to the Easter Seal Society to support its expensive provincial services.

Target of the 1985 provincial campaign is \$3.45 million, Dawson said.

"The Easter Seal Society is the largest children's service of its kind in North America," according to John Butler, Ontario coordinator of the Easter Seal Campaign. "The Society provides services and a variety of life skills and recreational programs for more than 6,700

physically handicapped children and their families in Ontario."

In addition to local fund-raising events and a province-wide direct mail campaign, the Easter Seal Campaign culminates in a 17-hour television show called Superthon which will begin broadcasting on Saturday, March 30, 1985 in 12 Ontario cities. Organizers hope to raise an additional \$1 million through this medium.

The Easter Seal Society was founded in 1922 when representatives from 10 service clubs formed the Ontario Society for Crippled Children in order to provide adequate resources and support for physically disabled children. The Society is governed by a volunteer Board of Directors with province-wide representation.

Today, 235 clubs such as Rotary, Lions, Kinsmen and Kiwanis are affiliated with the Society and direct their community service efforts in support of it.

The Society provides care for

Lucy Postlethwaite, left, and Ruth Stouffer, pictured on page three, were presented with Canada Cords, the highest awards in Guiding, at a ceremony Friday

night. Lucy's mother Christine pins on the cord while her father John looks on.

Area girls earn Canada Cords

Ruth Stouffer, Lucy Postlethwaite presented with award

Two Haliburton area teenagers have earned the highest award in the Canadian Girl Guide movement.

Lucy Postlethwaite and Ruth Stouffer recently completed the last of 150 challenges to earn the Canada Cord.

The girls, both members of the Haliburton Pathfinders group, were presented with their cords last Friday night at a Thinking Day service involving Brownies, Guides

and Pathfinders of Highland District, which encompasses Haliburton, Minden and Wilberforce.

Pathfinder leader Cathy Boake said it is the first time in more than 14 years that anyone in Highland District has achieved Guiding's highest honour.

To earn their Canada Cord, Lucy and Ruth had to complete 30 'challenges' in each of five categories: the world, the community, the

home, the outdoors, and camping. The challenges range from domestic accomplishments such as cooking a meal under emergency circumstances to more lengthy and demanding requirements such as keeping a weather chart for two months and making a simple weather instrument, and spending two months working on a community service project. Assessment of most of the challenges is done by the leader and other members of the Pathfinder group, and high standards must be met. In the camping category, however, testing is done by leaders from other districts during spring and fall outings where a rigorous schedule of written and practical work is laid out.

The Canada Cords were pinned on the girls' shoulders by their mothers, Christine Postlethwaite and Kathy Stouffer, while their proud fathers looked on.

In other presentations at last Friday's Thinking Day event, leaders Sandra Roberts of Haliburton and Roberta Walsh of Wilberforce were presented with 10 year service pins.

J.D. Bishop gets set to ski down the course laid out last Sunday for the Sir Sam's Ski Challenge, while a number of competitors look on. The event attracted

more than 75 entrants, and offered substantial prizes, including \$1000 to the overall winner. For more on the final race, see page 7.

Hebert hearing set for Friday

A preliminary hearing will be held Friday for Bernard Hebert, age 23, who faces two counts of first degree murder in connection with the stabbing deaths last November of Joan Hall, age 28, and her daughter Nadia, age two.

The two were found dead following a domestic confrontation at the Eagle Lake home of Gertrude Traviss, mother of the dead woman.

Hebert was arrested near Bar-num Lake hours after the stabbing, and has remained in custody at Lindsay jail.

As many as 13 witnesses are expected to be called at the preliminary hearing as Crown attorney Chris Meinhardt of Lindsay presents evidence of the case against Hebert.

The accused will be defended by Ted Gardner, also of Lindsay.

Following the hearing, which is expected to take between one and three days, the judge will rule whether there is sufficient evidence for the case to proceed to trial.

Teachers vote on contract offer

Haliburton County secondary school teachers have voted on the latest contract offer from the Haliburton County Board of Education, following a negotiating session between the two sides last Wednesday.

A provincially appointed Fact Finder met with both sides in January, and submitted her report February 12.

If the teachers accept the board's latest offer, the board may ratify it within the next few days, ending negotiations which have been underway for almost a year.

Secondary school teachers in the county have been working without a contract since September 1.

If a settlement is reached, details will be made public in a joint press release from board salary committee chairman Cheryl Murdoch and teachers' representative Paul Morissette.

Stanhope to buy grant information

Stanhope council has subscribed to a commercial service that will provide updated information on the availability of grants and subsidies from the provincial and federal governments.

The decision to purchase the service from STM Corporation of Montreal was made at council's

CATV technician hurt

Haliburton CATV technician Glen Robertson was seriously injured Saturday morning when he fell from a ladder and landed on pavement.

Robertson was working at the home of Bill Davis on Cedar Street when the mishap occurred. Service to the Davis home had been interrupted when ice and snow slid off the roof, damaging a line from a nearby pole.

While no one saw the incident, Robertson apparently lost his balance and fell several metres onto the street.

He was taken by ambulance to Haliburton Hospital suffering from a fractured elbow, a cracked pelvis and suspected neck injuries. He was later transferred to Sunnybrook Hospital in Toronto, where he is reported to be recovering.

Local beer stores hit by lockout

Local beer lovers could be in for a dry spell if a lockout of union workers by Ontario's three major breweries continues more than a few days.

Molson's, Labatt's and Carling/O'Keefe locked out their workers Tuesday morning after contract talks between the union and the companies reached a stalemate.

Brewers Retail outlets throughout Ontario will remain closed until the dispute is resolved.

Store managers reported to work Tuesday morning but were instructed to keep doors locked to union workers and the public.

The workers have been without a contract since January 1. Main issues in the negotiations are wages and job security. Brewery employees fear a large number of jobs will be eliminated by the companies' plan to market more beer in cans rather than bottles.

The lockout is seen as a bid to resolve the contract dispute before the summer season, when sales soar and a strike by the unionized workers would have a drastic impact on the brewing companies.

Police News

Police arrest wanted men

General Occurrences

During the week of February 18 to 24 personnel at Minden detachment investigated the following occurrences: four motor vehicle accidents and 36 general occurrences.

Two of the occurrences involved wanted persons: being Shawn Wilson and Dusty Upton. Shawn Wilson was wanted for failing to appear in court on two charges of break, enter and theft. Wilson was arrested at his home on February 17. Dusty Upton was wanted for failing to appear in court for a charge of break, enter and theft and a charge of theft. Upton was arrested at the residence of Nathan Hie in Snowdon Township. Hie was charged for aiding and comforting a wanted person.

Vehicles Interfering

Four incidents of motor vehicles interfering with snow removal or obstructing traffic were reported to Minden detachment over the week. As a result all four vehicles were towed in at the owners' expense. Police issue a reminder that any vehicle parked interfering with traffic or snow removal will be removed at the owner's expense.

Brownies, Guides and Pathfinders from Haliburton, Minden and Wilberforce gathered in Haliburton on Friday night to mark Thinking Day with ceremonies and a traditional campfire program. Here some of the youngsters who took part in the event look on during the formal part of the evening.

MOE samples air, rain to study pollutant deposition

Since the fall of 1980 Environment Ontario's Air Resources Branch has been operating two networks designed to determine the quantity of wet and dry deposition of airborne pollutants on Ontario. Both networks are operated under the Acidic Precipitation in Ontario Study (APIOS).

One of the networks, the APIOS Cumulative Wet/Dry Deposition Network, collects samples on a 28-day cycle for the determination of long term wet and dry deposition patterns. The other, the APIOS Event Wet/Dry Deposition Network, collects wet precipitation and air filter samples daily.

The daily collection of wet deposition samples allows the study of the chemical composition, frequency and intensity of acidic precipitation events, and the determination of the origin of pollutants.

The daily dry deposition network permits ministry scientists to determine the air concentration and dry deposition of airborne acid-related pollutants and to associate these observations with air masses originating from different source areas.

Four general areas of Ontario, namely London, Kingston, Dorset and Atikokan were chosen for the sampling program. In the London, Kingston and Atikokan areas, located close to the U.S./Canada border, samples can be used to estimate the relative amount of deposition originating in the U.S. and Canada. Atikokan was also chosen to monitor the background concentration of pollutants before the start-up of the coal fired generating station in Atikokan. In this area also lie the acid-sensitive lakes of the Boundary Waters Canoe Area of northern Minnesota. Dorset was of particular interest because of the tants before the start-up of the coal fired generating station in Atikokan. In this area also lie the acid-sensitive lakes of the Boundary

Waters Canoe Area of northern Minnesota. Dorset was of particular interest because of the sensitivity of the local lakes to acidification, and the aquatic and terrestrial effects studies being carried out there by the Ministry of the Environment.

Each of the four areas has event precipitation collection sites except Atikokan, which has been recently reduced to three. The four samplers within each cluster are typically separated into two groups placed at about 50 to 100 km distance from each other. Within each group, the samplers are generally five to 10 kilometers apart. At one station in each of the four areas, the daily air concentration of selected pollutants is also measured to infer dry deposition.

Sampling sites are located away from local sources of pollution, such as industries, urban areas, airports, highways, etc. The instruments themselves are placed at sites clear of obstructions (trees, buildings), away from roads, sewage treatment plants, farms, gravel pits, salt or sand piles or gardens.

Sites that would satisfy all such strict requirements were often difficult to find, and the distance separating samplers had to be extended in some cases, especially in sparsely populated northwestern Ontario.

Precipitation is collected for chemical analysis in special samplers with moisture sensors. A lid covers the samplers, but is removed at the onset of precipitation. Instruments that measure the amount of rain or snow are also present on the site to allow exact measurement of precipitation.

Operators check the wet deposition samplers daily, collect the samples, record and refrigerate them. Samples are later transported in coolers to teh regional laboratories or by courier to the main laboratory in Toronto. Here they are analyzed for their pH, total acidity and for the presence of

sulphur and nitrogen compounds, chloride, sodium, potassium, calcium, magnesium and conductivity.

The instrumentation placed at the daily sampling sites for determination of dry depositions consists generally of air filter packs placed on top of 10 m towers. Each instrument consists of nine filter packs, a flow controller and a timer. Seven of the filters are consecutively switched on for each day of the week. The eighth filter pack is a spare used if the collection cannot be made on the seventh day. The ninth filter remains passive to allow a correction for background concentrations.

Each filter pack has three separate sections - one for the collection of particulates of sulphates, nitrates and ammonium, the second one for the absorption of nitric acid and the third for the absorption of sulphur dioxide.

After collection, the filters are bagged and labelled at the regional laboratories and sent to the ministry's main laboratory for analysis.

The information gained is entered into the ministry's Sample Information System data base. The data can be retrieved at any time for the calculation of daily wet and dry deposition rates as the product of pollutant precipitation concentration and precipitation depth, and as the product of pollutant air concentration and deposition velocity respectively for the characterization of events and for the correlation of deposition data with air parcel trajectories for the determination of the

Stanhope council

Stanhope Township council held a regular meeting on February 13 and considered the following matters:

Elgin Stouffer declared a conflict of interest on item #1 on general business regarding policy on the sale of municipal property and also a conflict on item #29 on general accounts payable with respect to expenses re: "Ride for Sight" meeting and refrained from voting or discussion on these matters.

Ann Barker declared a conflict of interest on Road Voucher #1 regarding Good Roads Association Registration and also on item #27 on general accounts payable re: donuts for "Ride for Sight" meeting and refrained from voting or discussion on these matters.

Dale MacDonald declared a conflict of interest on Road Voucher #1 re: Ontario Good Roads Association Registration and refrained from discussion or voting on the matter.

Harry Davis declared a conflict of interest on item #44 on general accounts payable regarding expenses for the ROMA Convention and refrained from voting or discussion on the matter.

Council approved Severance Application numbers 163/84 and 164/84 subject to an amendment by-law changing the zoning from RU to RR and also the entrances on the east and west side of the applicant's property being constructed to Ministry of Transportation and Communications standards. It is understood access to these severed and retained lots will be via a private driveway shown on an attached sketch.

The purchase price of part of the original allowance for

road between Concessions 4 and 5 Part Lot 13 to James Moore is \$200, council decided.

Council adopted the "Stanhope Municipal Airport Master Plan" as prepared by Marshall Macklin and Monaghan Limited and dated November, 1984.

The clerk was authorized to invite proposals on airport engineering design and specifications, which will include quantities and cost estimates and also preparation of contract documents for work to be carried out under "Phase 1 Development" as described in a master plan report prepared by Marshall Macklin and Monaghan and dated November, 1984. Acceptance of any proposal is subject to the Ministry of Transportation and Communications approval and proposals will be evaluated on the following factors: 1. accommodation; 2. experience; and 3. cost. Any or all proposals will not necessarily be accepted, council noted.

The clerk will advise Kari Siirala that the purchase price of the original allowance for road which he is proposing to buy will be \$450 and it is understood he will be responsible for all related costs in the road closing procedure.

Council acknowledged receipt of Recreation Committee Meeting Minutes dated January 15, 1985.

Council accepted the tender quote of Sid Stamp Fuels for the supply and delivery of furnace oil and diesel fuel as advertised at a price of \$.346 and \$.459 per litre respectively.

Council approved in principle, a proposal by Mr. and

children up to 19 years of age whose activity is restricted by a physical handicap resulting from accidents, disease, congenital defect, birth injury or amputation.

Care and treatment is provided either directly through such programs as district nursing service, diagnostic clinics and camping and recreational programs or indirectly through financial support of research into the causes and prevention of crippling conditions. These services are designed to help improve the lifestyle of physically disabled children and increase their opportunity for total independence.

The Society has four major sources of funds - the annual Easter Seal Campaign, regular direct mail campaigns, bequests and various special event activities such as the annual Bobby Orr Skate-a-Thon and Snowarama.

The Society is incorporated in Ontario and is a registered charity under the regulations of Revenue Canada. The 1985 budget totals approximately \$10 million, with 75 percent of it channelled directly into the care and treatment of physically disabled children. Approximately 16 percent provides for extensive fund-raising activities and information services, and nine percent is

allocated to administrative operations.

The Society's 1985 Timmy and Tammy are 13-year-old Ronnie Hermiston and Charmaine Miller, also 13. Ronnie, of Sault Ste. Marie, is a grade 7 student who plays hockey and tennis and is an avid fan of every sport. Scarborough resident Charmaine Miller is also in grade 7 and enjoys arts and crafts. As the Society's Timmy and Tammy, the two youngsters act as representatives for all children in the province with physical handicaps. The youngsters will make guest appearances at special events planned for the month-long Easter Seal Campaign.

Cindy Roodenberg, left, a Grade 12 student at HHSS, and Kelly Youngdale, a Grade 8 student at Hodgson Elementary School, display their work, which was selected to hang in the Rails' End Gallery in

Haliburton for the next few weeks. Students' pictures will be a regular part of the Gallery's displays under a new program which began this month.

Stanhope buys information on subsidies

from page 1

February meeting.

According to the company, the number of eligible recipients who apply for the more than 500 types of assistance available is low because

information is lacking or because people apply for a program too late to meet its deadline. The company says small business people, self employed people and community oriented industry most often miss out on benefits because they are

unaware of eligibility and procedures for applying.

The document produced by STM Corporation will be updated monthly, and will be available to Stanhope ratepayers at the municipal office.

Board meets to draft 1985 budget

A meeting of the Haliburton County Board of Education was held in the Board office on Tuesday, February 19, 1985, commencing at 9:15 a.m. Present were: Paul Wilson, chairman; Ross Anderson, Bonnie-Lee Berry, Lynn Craigmyle, LeRoy Eager, Julie Hunter, Dorothy

Kinsman, Linda Mumford, Cheryl Murdoch, Leonard Salvatori, Brian Sisson, Nancy Stinson, George Simmons, David Villard, Stuart Baker, Stanley Baker, and Lynette Elstone. Lynda Easton and Dale Robinson joined the meeting briefly to make presentations.

Absent was Kelly Crick.

Most of the day was spent analyzing and discussing the proposed budget for 1985. In other matters:

The board moved into Committee-of-the-Whole, for the purpose of discussing salary negotiations and personnel. Later the board rose from Committee-of-the-Whole and reported back to the board.

Cheryl Murdoch, chairman of the 1984 salary negotiating committee, stated that the Fact Finder's Report arrived at the Board office on February 12, 1985. This report must be kept confidential until at least February 28, 1985, at which time if an agreement has not been reached with the secondary school teachers, the Education Relations Committee may make its contents public. An extension of this deadline could be requested by both parties, if it is felt necessary.

Negotiations were scheduled to resume with the secondary school teachers on February 20.

Dale Robinson discussed with the Board the present structure and organization of positions of added responsibility (Heads of Department) at the secondary school. The Trustees instructed the Director of Education and the Principal of the Secondary School to develop a policy concerning the appointment of teachers to positions of added responsibility in that school, for board consideration. The board upheld the suspension of a High

Please turn to Page 12

Students' art hung at Gallery

The Guild of Fine Arts has begun a new program to recognize the artistic talents of area elementary and high school students. Each month, two works by local youngsters will be framed and hung in the Rails' End Gallery in Haliburton.

Joan Hoad, chairman of the Guild's public relations committee, says the program has a twofold purpose: it will give the public a chance to see the best drawings and paintings being produced by local students, and it may also encourage more young people to visit the Rails' End Gallery.

Each month, a selection of work by students at Haliburton high school and the J. Douglas Hodgson elementary school will be viewed by Guild representatives, who will make the final

selection for display at the Gallery. The works will be framed by the Hill House Gallery and hung at the Rails' End facility. Each time a new show arrives at the gallery, two new student works will be displayed. Paintings and drawings will be returned to the students after the display period, but the frames will be retained by the Guild for later use.

"We hope to foster an interest in the Gallery among young people," Joan Hoad said, adding that the program will "give them another outlet for their work."

Teachers at the two schools will be encouraged to submit students' works for consideration.

Initially the program will operate for the rest of the school year, but if enough work is available, it may also be continued through the summer months, Hoad said.

Stanhope to list land with realtors

from page 2

Mrs. Norman Bullied, to stop up, close and convey a part of an original allowance for road along the shore of Little Boshkung Lake fronting part lot 12 concession 1. Mr. and Mrs. Bullied were requested to proceed with Part 3 of the Municipal Road Closing Procedure.

Council authorized a donation of \$100 to the Salvation Army to financially aid

its cause in 1985.

The reeve and clerk were authorized to sign an amended agreement with the Canadian Red Cross Society (Homemakers Service) relative to hourly rates between February 15, 1985 and December 31, 1985.

The Township of Stanhope will contribute \$100 towards the Haliburton Highlands Chamber of Commerce build-

ing fund.

The clerk was authorized to order the "Handbook of Grants and Subsidies of the Federal and Provincial Governments" published by STM Corporation.

Robert Nangle, fire chief and his wife will attend the Fire Chiefs Convention to be held in May in Thunder Bay and expenses will be covered as per established practices.

Council adopted a policy on the sale of any municipal lands whereby the property is listed with the Haliburton District Real Estate Board and the reeve and clerk were authorized to sign the necessary agreement upon council's approval for the sale of any individual municipal lot (excluding road allowances). Elgin Stouffer declared a conflict of interest.

Ruth Stouffer, left, received a Canada Cord last Friday night for her achievements in Guiding. Her mother, Kathy pins the cord on her uniform while Pathfinder leader Cathy Boake watches.

NAVIGABLE WATERS PROTECTION ACT

R.S.C. 1970, Chapter N-19

The Corporation of the Township of Glamorgan hereby gives notice that it has, under Section 8 of the said Act, deposited with the Minister of Transport, at Ottawa, and in the office of the District Registrar of the Land Registry District of the County of Haliburton at Minden, Ontario a description of the site and plans of a footbridge proposed to be built over the Irondale River at Gooderham, Ontario in front of Lot Number 26, Concession V, in the Township of Glamorgan, from the North bank to the South bank of the Irondale River. And take notice that after the expiration of one month from the date of the publication of this notice the Corporation of the Township of Glamorgan will under Section 8 of the said Act apply to the Minister of Transport, for approval of the said site and plans.

Written objections based on the effect of the work on marine navigation may be directed to: Director General, Aids and Waterways, Canadian Coast Guard, Department of Transport, Ottawa, Ontario K1A 0N7.

Dated at Township of Glamorgan this 25th day of February, 1985.

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF A PROPOSED BY-LAW OF THE CORPORATION OF THE TOWNSHIP OF GLAMORGAN TO CLOSE, STOP UP AND CONVEY CERTAIN PORTIONS OF AN ORIGINAL ALLOWANCE FOR ROAD MORE PARTICULARLY DESCRIBED HEREINAFTER.

NOTICE IS HEREBY GIVEN, pursuant to Chapter 302, Section 298 of the Municipal Act, R.S.O. 1980, as amended, that the Township Council of the Corporation of the Township of Glamorgan proposes to consider and if deemed advisable, to pass at its regular meeting to be held at the Council Chambers, Gooderham, Ontario on Wednesday, the 3rd day of April, 1985, a By-law to close, stop-up and convey to the adjacent land owner the following described lands:

ALL AND SINGULAR that certain parcel or tract of land and premises, situate, lying and being in the Township of Glamorgan, in the County of Haliburton, being composed of Part of the Original Allowance for Road along the Shore of Gooderham Lake (Pine Lake) in Front of Lot 26, Concession VII, in the said Township of Glamorgan, being more particularly designated as Part 1 on a Plan of Survey received and deposited in the Registry Office for the Registry Division of the County of Haliburton as Plan 19R-3224, and which Plan of Survey was made by Paul Wilson, O.L.S., dated September 28th, 1984 and is available for inspection at the Township of Glamorgan offices, Gooderham, Ontario.

AND TAKE FURTHER NOTICE that before passing the said By-law at the meeting to be held at the time and place above mentioned, the Township Council of the Corporation of the Township of Glamorgan shall then and there hear in person or by his counsel, solicitor or agent, any person who claims that his land will be affected by the said By-law and who applies to be heard.

DATED at Gooderham, Ontario this 4th day of February, 1985.

ELVA V. BATES, A.M.C.T.
CLERK-TREASURER

THIS IS NO TIME TO BE HOT AND COLD

ABOUT BUYING A CARRIER HEAT PUMP

This winter is your last chance for a grant of up to \$800 when you buy and install a Carrier Heat Pump or highly efficient Carrier Gas Furnace. It's all because on March 31, 1985, the Federal Government is ending its Off-Oil grant program.

You could also be eligible for a Carrier factory rebate of up to \$275* when you purchase and install a Carrier Total Comfort System before March 31, 1985.

So take advantage of the last days of the up to \$800 government grant and Carrier's factory rebate offer by installing a Carrier Heat Pump or Gas Furnace before March 31, 1985.

*Offer available in Ontario through participating dealers only.

Accomplishment

In these disturbing days of 'punk' rebelliousness and screaming 'ghetto blasters', it is easy to despair at the apparent aimlessness and lack of consideration afflicting many of the community's young people. Yet to dismiss them as a generation that has lost sight of some important values would be to ignore many examples of hard-won accomplishments.

Two such examples are members of the Haliburton Pathfinders group, Lucy Postlethwaite and Ruth Stouffer, who last Friday evening were presented with Canada Cords, symbols of the highest achievement in Girl Guiding.

To earn the award, the girls had to complete 150 challenges in five subject areas, a daunting task that took initiative, hard work and an impressive degree of dedication. It is the first time in more than 14 years that anyone from Haliburton County has reached this pinnacle of Guiding.

The two girls did not achieve the Canada Cord without help, of course. Their parents, their fellow Pathfinders, and leader Cathy Boake no doubt did much to encourage them and make completion of the various challenges possible. But their success was assured by their own determination, a quality which deserves to be admired wherever it occurs.

A worthy cause

March is the month of the Easter Seal Society campaign in Ontario, a time when citizens are asked to dig into their pockets to support the society's work with handicapped youngsters. Locally, the Rotary Club acts as the administrative body for the fund raising campaign, mailing information and donation envelopes throughout the community.

When you receive your request for a contribution, consider it carefully and give if you can. Half of all the money collected in the local campaign remains in the community to assist youngsters who need the Society's services. The other 50 percent of the funds are earmarked for programs throughout Ontario.

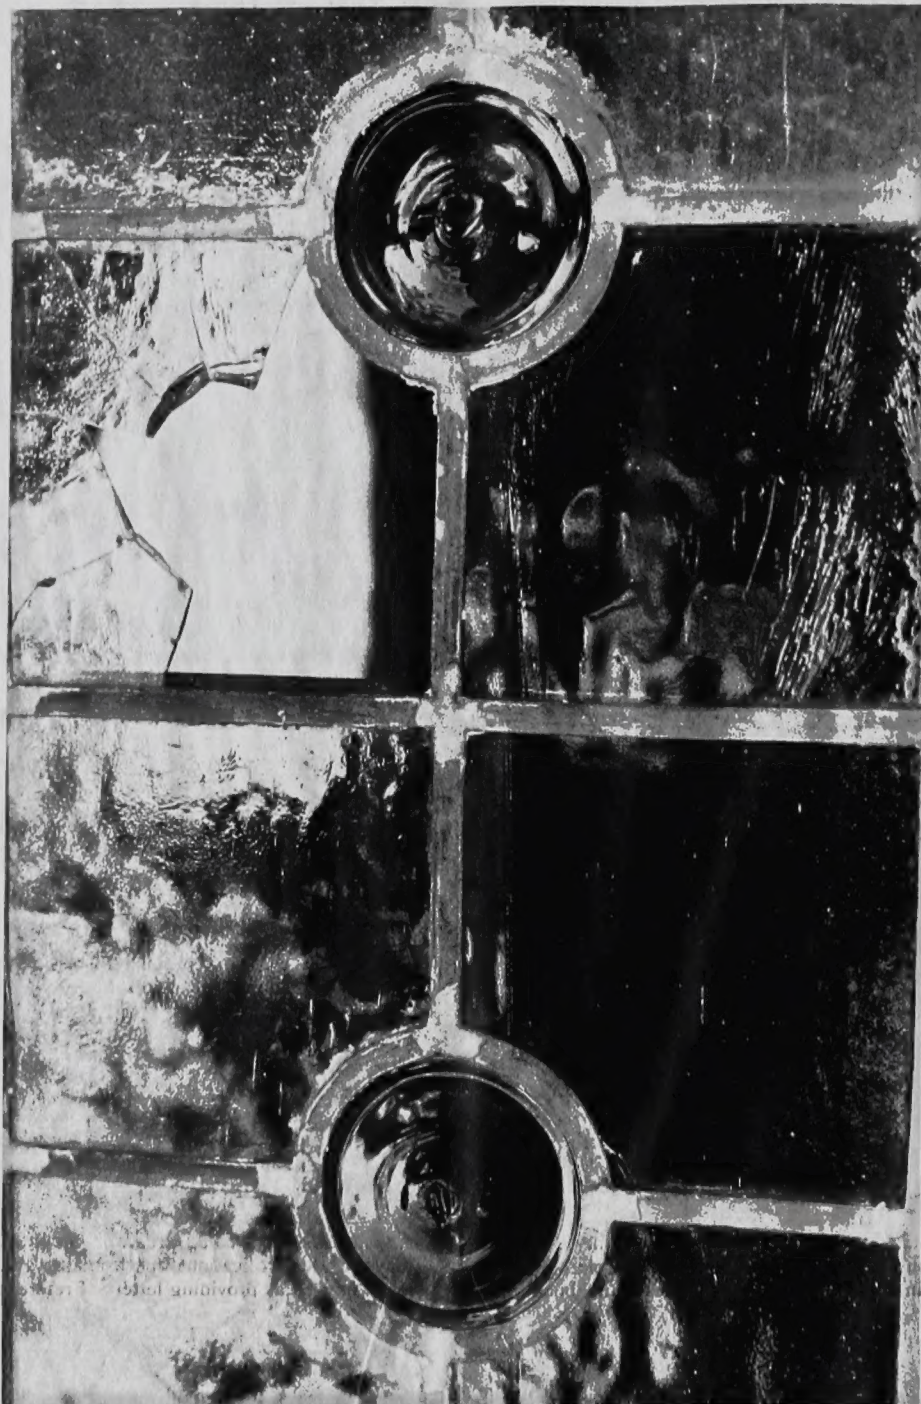

Easter Seals is a worthy cause with a proven record of assistance to youngsters whose lives are improved by the Society's concern and expertise. It is a cause worth supporting.

Go get 'em

There's an old tradition in minor hockey that surfaces at playoff time and it goes something like this: if it looks like you might lose, launch a protest. That way you might just be able to win a game in the organization's board room that you couldn't win on the ice.

The latest example of this tiresome ploy came after Saturday night's tie game between Fenelon Falls Midgets and their Haliburton opponents. With the tie, Haliburton was ahead two games to one, and would have won the series with a tie in game five Monday night. If Haliburton lost, they would still have had a chance to eliminate Fenelon in game six. So Fenelon found an excuse to launch a protest - something about an ineligible player - and when the ruling went against Haliburton, the series came down to one final game. Fenelon had the home ice advantage but there was nothing they could do about Haliburton's superior skills, and so the local midgets dug in and left Fenelon trailing.

Except for the protest it was a fine series. Haliburton will now go on to meet Lakefield in a quarter final, and we wish the local boys the best of luck.

Letters to the Editor

Laying the bridge issue to rest

Editor's Note: Minden councillor Pat Burk sent the following letter to Ingoldsbys property owner Joe Curtin in response to a letter to the editor published in last week's Echo.

Dear Mr. Curtin:

Some of the residents of the Hamlet of Ingoldsbys and the surrounding area are getting a little tired of you constantly complaining, with

your fallacies and half truths, about the Ingoldsbys bridge.

Let us get a few things straight. The old bridge is aesthetically unattractive. Painting could improve the appearance somewhat but repairs to bring it up to standard would be extensive.

The Ministry of Citizenship and Culture were here to look at the bridge as a heritage structure.

Messages on a main street telegraph

One thing about being an editor and living in a small community - you can't hide. When you write something that touches a sensitive cord in people, you usually hear about it, if not directly then by the verbal telegraph system that passes comments up and down main street. So I took a little ribbing for my editorial last week about the Haliburton Carnival. I said it was a pretty good show on the whole, but it wasn't perfect.

"I hear you're gonna organize the carnival next year," one fellow said.

Well, no, I don't think I'd go that far. But it did get me thinking that if I'm going to point out that things could perhaps be improved, I should also be willing to say how. So here's one idea. How about a snow sculpture contest at Head Lake Park on Saturday morning of the carnival? People could organize into teams and have say, two hours to turn a pile of snow into a miniature masterpiece. The Echo would offer prize money for the best sculpture, and people who were not taking part could come down to the park, watch the action and encourage their favourites. The sculpture would then be on display in the park for the rest of the weekend. Of course the whole thing might not

work out. There might be no snow, or little interest. But I think it's worth trying, and we'll certainly do our best to organize it if we're asked to.

No doubt there are many people in the community who have other ideas for events they'd like to see at next year's winter carnival. And to give everyone a chance to make suggestions, 1986 carnival chairman Don Popple says he'll call a public meeting next September, in plenty of time to get some new events on the slate to complement the traditional and successful ones. So if you've got some good ideas, bring them forward in September. It can only help to make the carnival more enjoyable for everyone.

And still on the topic of the carnival, I'd like to offer my apologies to Carnival Queen Wendy Ballantyne and princesses Sue Vuksic and Cindy Wallace for omitting their names from last week's Echo. It was an oversight in a very hectic week of covering the carnival and putting the paper together.

We also hoped to include results of the Lumbermen's show in this week's issue, but once again they were not available by press time.

Feir Play

Creighton Feir

The village of Minden is fortunate to have a very strong BIA (Business Improvement Area) association. This group has been able to accomplish a great deal in the area of local improvements in the village. It also gives the Minden and area business people the opportunity to meet and talk over their problems and discuss what the local merchants should be doing to make business just a little better. The village of Haliburton, on the other hand, is without a businessman's association, something that is badly needed at the present time. If an association was formed they could do more for the community in so many different ways. Many of the local business people I have been talking with feel that they should band themselves together in a common cause to talk over such matters as store hours, the question of donations and just what organizations they feel that they should support. Another matter which seems to be on the minds of many is the problem of credit and just how to deal with the few who don't seem to believe in paying their debts. One of the other matters that should be looked into is the possibility of holding an annual Santa Claus parade. They do it in other centres so why not here?

If you are looking for a real musical treat then here's your opportunity to treat yourself to an evening of song with Nancy Robichaud, John Miller and Melissa Stephens at Wig-A-Mog Inn this coming Sunday evening, March 3 starting at 7:30 p.m. Tickets are \$5 each.

The following are a few Haliburton notes...Mr. and Mrs. Don Dunsmore and family of Willowdale, Ontario were recent visitors at the Haliburton Winter Carnival...Mrs. Colleen Hodgson and her son Joe were recent visitors to Haliburton...Mr. Doug Miller from Tyrone, Ontario was a visitor here one day last week...Mr. Don Lloyd was a visitor to Toronto one day last week...Four Haliburton businessmen, Joe Iles, Ken Wilson, Lance Easton and Cliff Dawson, were off on a fishing trip over the weekend...Bob Brohm and Vince Connaughtan were business visitors to Toronto one day last week...Mr. and Mrs. Joe Iles were recent visitors to Toronto one day last week...Mr. and Mrs. Don Rennick and family of Mississauga visited at the home of Mr. and Mrs. Clifford Elstone over the weekend.

When Mr. and Mrs. Arnold Fearrey of Haliburton looked out of their front window on Friday, February 22 they were surprised to see a robin on their front lawn. Arnold thinks this must be the first one this year.

In my column last week I mentioned the names of the junior hockey players from this area who played with other teams in other parts of Ontario, when the Haliburton Huskies were unable to ice a team due to shortage of players. I am sorry that I forgot to mention Scott Rae of Haliburton who is playing with the Whitby Juniors and, by the way, having a good season.

The month of February is set aside each year as Heart Month and the month just past was no exception. If you have not already sent in your contribution to this most worthy cause please do so right away. Remember your heartfund is the number one defence against heart disease, Canada's number one health enemy.

Friends of Mrs. Edith MacDowell, mother of Audrey Gauthier (Mrs. Vic Gauthier), better known as Mrs. Mac, will be saddened to learn that she passed away on January 22 at the Kawartha Nursing Home in Peterborough. The deceased was well known in this area and had she lived would have been 102 years of age on February 27, 1985.

The annual March school break will soon be here and when the time arrives people will be gathering their children together to make plans to tour Ontario, head out west or vacation in the sunny south. When the school break is on, things are very quiet in most sections of the county. If you are one of the lucky ones who will be getting away, we wish you a happy holiday.

Our readers, especially those who live outside of Haliburton County, are always anxious to hear a local weather report. I might say at the time of writing this column, which was last Friday afternoon, it was raining and it had been raining very hard all through Thursday evening. The snow has gone down considerably but we still have quite a bit of it left. For those who forgot to shovel their home or cottage roof we might say that with the large amount of snow that we have had and the rain we experienced has left a heavy load on some buildings. You might be wise to check your roof and have it shovelled off before trouble arises.

Meals on Wheels in the Kinmount area are administered by a group with the title of Kinmount and District Seniors, a name they have had since receiving a New Horizons grant of \$7,920. This money is enabling them to repay the Haliburton County Home Support Services for its financial and material assistance during their first nine months of operation. Although the Kinmount group is operating in a comparatively small way at present the December deliveries were 54 meals to eight clients.

Viewpoint

Pic of the Past

Our thanks to Frank Dewey this week for submitting this most interesting photo of the Gooderham hardball team which was taken in the early thirties. The management and players posed for the picture following the championship game

of the Victoria-Haliburton league series. The team won the trophies which are on display here three consecutive years. They lost only one game in the year that this photo was taken. Front row from the left are: Murray Madill, Frank Dewey, Jack Hunter, Aldrich Hunter. Back row from the left: Mac Prentice, acting coach; Willy White, Gil Pollard, Mitchell Raby, Ivan Hunter, Ronald Hunter, Delbert Waite, scorekeeper. Absent when the picture was taken was the pitcher, Walter Morrison.

Report from Parliament

By Bill Scott M.P.

New bill amends the Pension Act

Bill C-28, An Act to Amend the Pension Act, was passed unanimously by the House of Commons on February 14, 1985. It is a Bill I am proud to have supported on behalf of our deserving veterans.

The Pension Act governs the Canadian Pension Commission in its adjudication on claims for death or disability resulting from service in the Canadian Forces during World War I, World War II, Special Force service and military service in peacetime.

Bill C-28 makes five amendments to the Pension Act:

- 1) the basic rate of pension will be increased to reflect parity with the average take-home pay of selected categories of public servants;
- 2) the basic rate of pension will be increased each year hereinafter by the percentage increase in the above-mentioned take-home pay or by the percentage increase in the Consumer Price Index, whichever is the greater;
- 3) disability pensions at the married rate will be continued for a full year following the death of the pensioner;
- 4) survivors of pensioners who had been receiving

an Attendance and/or an Exceptional Incapacity Allowance will see the Allowances continued for a full year following the death of the pensioner; 5) it will be enshrined in the legislation that whenever a split decision occurs in the adjudication of a veteran's pension claim, the decision favouring the veteran is the decision of the Commission.

This is a very important piece of legislation. It fulfills the Progressive Conservative Party's commitment to Canadians to come to the assistance of veterans and their survivors that we made last summer.

It will benefit at least 90,000 veterans and 50,000 survivors, most of whom are women. Had this Bill been in place last year, qualifying veterans would have had their pensions increased by over \$600 more than occurred last year.

Along with these amendments the Pension Review Board will be increased in size, on a six month "as required" basis, to clear out a very long backlog of cases. Entitlement Boards will be reduced in size to two, in most cases, from the present three. We believe that this amendment to the pension process will be of potential benefit to all 700,000 veterans in Canada.

Queen's Park Report

by John Eakins, MPP

Ministry won't fund co-op education

The best way to learn about work is by working. However, great numbers of youth leave high school to enter the labour force with little or no work experience. Co-operative education offers a combined curriculum of in-school instruction and on-site "real" work experience where students receive academic credits for their work experience. The in-school portion of co-op is related to skills a student needs on the job, and while a student is on a work placement, there are frequent monitoring visits by a teacher. When a student finishes a co-op program, the employer may provide certification of performance and skill level, as well as providing letters of reference.

There are many advantages of a co-operative education program, which include:

- An opportunity to discover the real demands of the world of work.
- Opportunities for "on-the-job" skills training.
- Experience in relating the need for "academic" subjects in school and their application in the world of work.
- An opportunity for career exploration, where a student can compare "reality" with often vague of glamorized images.
- Opportunities to combine learning of life skills and employment skills, as in the opportunity to learn to take pride in successful job performance.
- Access to more sophisticated equipment and experience than is usually available in school.
- Reduced numbers of drop-outs, especially among general and basic level students.
- The improved perception of students, schools and teachers by employers who participate in co-op programs.
- Opportunities for teachers to get out into the community, meeting employers and increasing their knowledge of the "world of work".

A 1983 study conducted at Queen's University, and sponsored by the Ontario Secondary School Teachers' Federation (OSSTF), found an unprecedented level of success in post-secondary school placements for the co-op students studied. The study found that 50 percent of co-op students found employment, 36.5 percent went on to community college, 7.3 percent went on to apprenticeship, and 4.7 percent went on to university. Only a scant 1.5 percent were unsure

of their destination.

Co-op education enrolments are rapidly increasing. In 1984-85 an estimated 15,000 high school students participated in a co-op program.

The new high school curriculum, Ontario Schools: Intermediate and Senior Divisions (OSIS), very clearly encourages boards to offer co-operative education, and states no board shall deny a student access to a co-operative education course that involves additional expense, because of a student's inability to pay. Yet, the Ministry of Education provides no direct support, nor earmarks any funds for co-operative education. Current estimates indicate less than \$17 million would permit every grade 12 student in Ontario access to a co-operative education program.

Question

What's in a name?

By CATHERINE DENHOLM

Star wars has become the common way of referring to the plan of the American military to put weapons in space. The name "Star Wars" has the sound of a game, of amusement, of something which is only imaginary. Because of the "Star Wars" films it is difficult to believe that there is a real plan to put space stations in orbit over our heads - over our country - with weapons which could damage the whole world.

Even the name used by the military does not indicate what they have in mind. Strategic Defence Initiative also sounds harmless. Yet this strategic defence initiative is a planned project to use space for military purposes.

The concept of space is so complex and these names are so innocent that, as Gary Kenney pointed out recently, we become victims of what he calls the Zucchini Syndrome and we decide to

From the Chamber

Chamber set for Sportsmen's Show

Sportsmen's Show

The Chamber of Commerce will attend the Sportsmen's Show opening in Toronto on March 15 and running to March 24. The show will feature many items of interest for the whole family, including Fishing '85 seminars by Bob Izumi, Canada's 1st professional fisherman; Kids fishing seminars hosted by John Power, outdoor columnist for the Toronto Star and the Ministry of Natural Resources. The Ministry also features "The Outdoors Comes Indoors", a unique family oriented presentation.

The Show highlights include 'Get Hooked on the North', focussing on the getaway holiday. If it's new for the outdoors, it's at the show. Everything for camping, fishing, hiking, boating, or just plain playing in the outdoors is all brought together under one big roof. There are more than 600 exhibitors, including the largest outdoor travel show in Canada, plus information from a host of outdoor and conservation organizations.

We will be located in our usual spot, Aisle WF

#14-16. We are easy to find, you can see our "Haliburton Highlands" sign from the end of the aisle. This year the booth will be staffed by Chamber members as well as Chamber staff. If you are a member and haven't yet volunteered to join us at the show, please call and book your time now, 286-1760. We will also feature your brochures at \$35 per member establishment. Please arrange to have your brochures dropped off at the Chamber office by March 10. We have a hard working, enthusiastic, Sportsmen's Show committee this year. Les Feero is heading the committee and is doing a great job. Please join us.

Building Fund

Total last reported: \$19,219.99. Income since then: \$1,200. New total: \$20,419.99.

The following members have mailed in their support: Dawson Gray Dart; Seawind International; Clansman Motel and Cottages; Haliburton Forest and Wildlife; Shawn Hagerman; Bows and Cocks Ltd.; Township of Stanhope; Cox's Apparel; John Eakins; Travelways; Dollo Bros.

More letters

from page 4

They emphatically refused that consideration as you will know, since they came at your request.

As to the beach area, yes, there will be a change there, but there will be good access with adequate swimming area. I have checked these points very carefully with Mr. Obee on several occasions to determine this to be true.

There is one large pine that will have to be removed, in close proximity to the present structure, as well as other scrub brush of no consequence. In no way will the approaches or the structure infringe on any front yard. All property used is owned by Haliburton County.

The span will not narrow the channel. The navigable channel is already narrow. The direction the span takes will centre the channel.

As to the safety factors, the direction the span takes will improve the approaches. The blind approaches we now have, have been the cause of several accidents. We have a school bus using the bridge twice daily during the school year. Large passenger buses servicing the tourist industry have to be re-routed because the present structure is unsafe for this size of vehicle. For the same reason cement trucks and mixers have to be re-routed sometimes miles out of their way. Does this conserve energy? Mr. Fearrey is being practical. The new structure will have a sidewalk, making pedestrian traffic safer, particularly for children.

Taxpayers' money has already been expended with two sets of plans in consideration of the people's concerns; with escalated costs over the time lapse of two years; with the purchase of road and marine allowances. Let us not waste these expenditures by putting off the inevitable. The new bridge will be good for at least 50 years, the present structure for a maximum of ten years. Costs will have greatly escalated in that ten years.

Finally Mr. Curtin, I cannot agree that one new bridge can possibly be a detriment to the tourist industry. I am sure they are all as concerned with safety as are our residents.

Can we now lay the matter to rest? Our County Roads Committee and County Council have made their decision after examining the matter thoroughly and with full consideration for all factions, including the taxpayers. Many people believe it to be a wise and sensible decision. Let us now stand behind our County Council in co-operating every way possible.

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER PAGE 6

Barry Shaw of the Haliburton Sr. Huskies covers the puck in his own end while Ted Vasey and goaltender Kevin Finch guard the front of the net during a one day tournament in Haliburton on Saturday involving

teams from the area and several outlying communities. The Sr. Huskies made it to the championship final but lost a close decision to Minden.

Midgets eliminate Fenelon

Corey McKnight nets hat trick to pace 4-3 win

Haliburton's OMHA Midgets earned the right to advance into quarter final playoffs by defeating Fenelon Falls Monday night in the fifth game of a best of five series.

The pressure was on the local boys after Fenelon's protest of a three-all, Saturday night tie was upheld, and they were awarded a victory that deadlocked the series at two games each.

Fenelon claimed Haliburton had used an ineligible player in the Saturday night match at the Dysart arena, but local team supporters say Fenelon agreed earlier that the player could take part in the series.

The complaint proved academic, however, as Haliburton won the series where it counted, on the scoreboard, and left a lot of long faces on Fenelon fans.

Corey McKnight played an outstanding game on right wing, netting three of Haliburton's four goals including a third period marker that

proved to be the winner. Tran LaRue also played a key role in the outcome, as did Jeff Poppel and Ian Cooper, with a sparkling defensive effort.

McKnight opened the scoring at 10:27 of the first period on a three way play from Cooper and Tom McLeod.

Two minutes later McKnight again scored, this

time assisted by LaRue and Poppel.

Fenelon narrowed the gap near the three minute mark of the second period, but McLeod put Haliburton back out in front by two at 6:51 with help from LaRue.

Fenelon got one more in the second period to keep the pressure on Haliburton, but they were equal to the challenge as McKnight netted

his third, and the game winner, at 3:33 of the third period, unassisted.

Fenelon moved to within one goal with 4:06 left on the clock but Haliburton dug in to keep the home team at bay and end the series.

Haliburton will now meet Lakefield in another best of five series which is expected to get underway later this week.

Atoms to face Cannington

On Friday night the Haliburton OMHA Atoms won their second game against Beaverton 6-4. Greg Stamp scored on the very first shift of the game with Derek Wilson getting the assist.

At the five minute mark Jeff Black scored with Reid Elstone and Greg Stamp getting the assists.

With two minutes left in the period Chris Greenfield

made an end to end rush to make the score 3-0 for Haliburton.

Two minutes into the second period Jeff Black made it 4-0 on a back hand. Beaverton scored at the seven minute mark, but the Haliburton boys came back with two more goals before the period ended.

The Haliburton scorers

were Chris Greenfield unassisted, and Derek Wilson with the help of Greg Stamp.

In the third period the local boys seemed to take the win for granted and Beaverton scored three in a row, making the final score 6-4 for Haliburton.

The next game for the Atoms will be next Friday night with Cannington providing the opposition.

Minden defeats Sr. Huskies to win men's tournament

A team of 'oldtimers' from Minden won the overall winners of a one day tournament in Haliburton Saturday.

The Minden White club edged out the host Haliburton Senior Huskies 6-5 in overtime to win the top prize of \$350. Haliburton had to settle for the \$200 'A' division runner up prize.

The consolation final was won by another local team, Fuzz and Co., who edged out Coboconk 3-2 to earn \$200 'B' division championship money. The Coby club earned \$100 for their efforts.

Larry Kimble of Minden White was named the most valuable player of the tournament. Barry Shaw of the Sr. Huskies was selected as the top defenseman of the day.

The award for the most gentlemanly player went to Derrell Stamp of the Sr. Huskies. Chris Hodgson of Fuzz and Co. was the top scorer, with Craig Wood of the same team earning honours as the top goaltender of the tourney.

First round

The first round was marked by some fast-paced and closely matched games.

In the opening game, between the Sr. Huskies and Minden Hydro, the edge clearly went to the Haliburton club, who scored five goals while holding Hydro to only three.

Haliburton marksmen were Derrell Stamp, Dwight Sisson, Bob Woodcock, Rick Wood and Tom Curry.

Scoring for Hydro were Greg Newell with two and John Barkwell with one.

The second game of the tournament saw the Sunday Nighters, another local team, squeeze by Fuzz and Co. 5-4 in overtime. Scoring for the Sunday Nighters were Mike MacNaull with two, Drew

Bishop, Pat Wilson and Kevin Warburton. Fuzz and Co. scorers were Terry Robinson, Chris Hodgson, Kevin Newell and Joe Iles.

In game three, Peterborough defeated MT&E of Toronto 7-5.

Completing the first round, Minden White doubled Coboconk 6-3 on a three goal performance by Gord Cornell, with two goals from Brian Shaw and a single off the stick of Larry Kimble.

Scoring for Coby were Bob Ruth, Pat Russell and Barry Johnson.

Consolation

On the consolation side, Fuzz and Co. took Hydro 6-3, and Coby rolled over MT&E 8-2 to set the stage for the 'B' division final.

Chris Hodgson opened the scoring for Fuzz in the first period, but Bob Ruth replied for Coby to deadlock the match.

In the second and final regular time period, Coby's Mark Switzer gave his team the advantage, but Ed Roberts replied for Fuzz to make it 2-2 at the end of

regulation play.

The overtime period was decided in Fuzz and Co.'s favour when Chris Hodgson went in unassisted to net the winning goal.

Championslide slide

On the Championship side, the Sr. Huskies dominated the Sunday Nighters 5-1 and Minden White outscored Peterborough 4-1 to gain berths in the match that would decide the tournament title.

Minden got off to a quick Please turn to Page 7

Steve Roberts of the Haliburton Sr. Huskies heads for the boards, pursued by Mark Holland of the Sunday Nighters during championship semi-final action of a one day tournament at the Dysart arena on Saturday. Haliburton won this matchup 5-1.

Bantams win

from page 7

The depth of the Haliburton team, however, was not to be taken lightly.

In the first period the line of Scott Russell, Jaro Cooper and Jeff Francis combined for four unanswered goals with the first three in a span of four minutes and six seconds. Russell had three and Cooper one with Francis assisting on all four.

Pickering counted two goals in the second period but Haliburton replied with three. Colin Hunter scored one unassisted after an end to end rush. Ron Perrin then scored from Warburton and Mitchell. Jaro Cooper finished the second period scoring after receiving a relay pass from Scott Russell which sent him in all alone on the Pickering net.

Pickering put on a comeback surge, scoring three unanswered goals in the third period before Scott Russell fired home an empty net goal on a pass from Colin Hunter to end the game at 8-5.

Again Gavin McKnight put on a strong game and the defense of Colin Hunter, Drew Mitchell and Ron Perrin provided the back up. Jeff Warburton, double shifting at centre ice with the help of Darren Byers and Alan Rydman, played strongly throughout to come up with the win.

Overall it was a very exciting and entertaining series with more to come as the Huskies take on Wasaga Beach this Saturday night, March 2 at 7:00 p.m. at the Dysart arena.

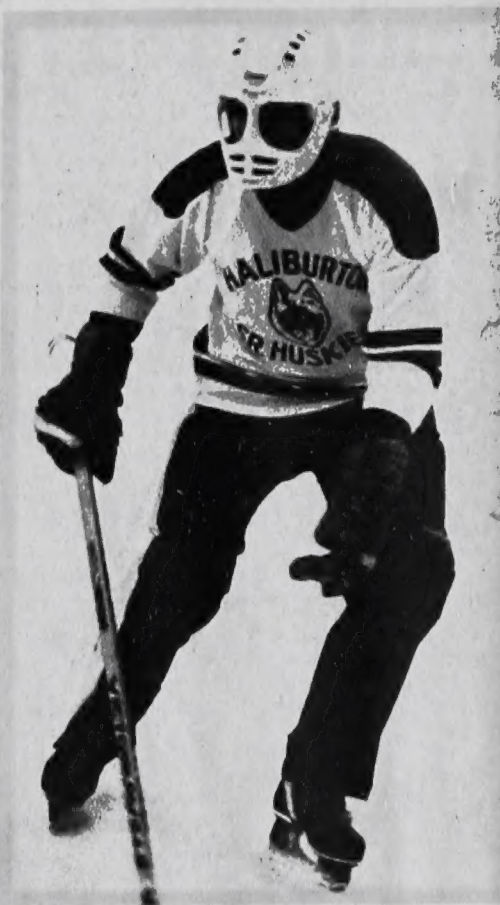

Asters lead league

Asters lead the Wednesday afternoon bowling league with 22 points after five games of the third series. Daisies are second with 20 points, Petunias and Forget-Me-Nots have 19, Marigolds 14 and Roses 11.

Total points to date for the series are Daisies 98, Petunias 92, Asters 86, Forget-

Me-Nots 74, Roses 68, and Marigolds 63.

Games of 200 and over were bowled by Joan McKay, 358, 229, 764 triple; Loretta Henderson, 224; Kay Barry, 214, 268, 678 triple; Iris Meredith, 201; Laura Carnegie, 215, 206; Mary Lou Bird, 225; Ev Stata, 235; Fran Woods, 201.

John Fitzgerald gets ready to stop a rush by the Sunday Nighters during second round action of a men's tournament in Haliburton on Saturday. The Sr. Huskies won the game and went on to face Minden in the championship final, with a \$350 first prize on the line.

Men's league playoffs begin

Emmerson Lumber went on a scoring spree in the early game of the Monday night men's league and before time ran out they slammed 14 shots into the Curry Motors net.

Gary Burtch opened the scoring less than two minutes into the game, and other markers quickly followed, as Tom Curry, Steve Roberts, Kim Emmerson and Phil Berry connected. Burtch also netted his second of the night in the first period to put Emmerson in front by 6-0 at the end of the frame.

The onslaught continued unabated in the second period as Berry, Roberts and Emmerson each got their second goals before Glen Scully managed to put Curry Motors on the board.

The Lumber team added two more to their total in the late minutes of the period, when Curry got his second and Berry completed the hat trick to make the score 11-1.

In the third period the Lumber team slowed their scoring pace a little, but they still drove in three more as Gary Burtch and Kim Em-

merson completed hat tricks and Drew Carey added another.

Gary Brohman also got one for the motormen to make the score 14-2 when the buzzer sounded.

Game two Monday night was a little more even, but Bishop and Wilson still managed to build up a comfortable margin of victory over Haliburton Lumber.

Steve Cooper opened the scoring for Haliburton Lumber, but Luke Schell replied to tie the score with 8:12 remaining. Schell added

another in the final seconds of the period to give the surveyors a 2-1 lead.

They soon made it 4-1 in the second period on goals by Bob Woodcock and Ken Riley, but Joe Roberts narrowed the gap with 3:13 left in the period.

In the third frame Greg Bishop, Craig Kennedy and Scott Hammond each scored for Bishop and Wilson, while Haliburton Lumber got one more from Joe Roberts to make the final score 7-3 in favour of the surveyors.

Walsh rink charges to League lead

Roberta Walsh charged into first place in the Tuesday night Ladies League at the Monmouth Curling Club in Wilberforce with a convincing 9-1 triumph over Sandy Smith. Judy Hogan remained a mere half point behind in second place by outlasting Jo-Ann Olszewski in a high scoring affair 11-9. Standings as of February 24 are: Roberta Walsh, 61 points; Judy Hogan, 60½ points; Jo-Ann Olszewski, 57 points; and Sandy Smith, 21¼ points.

Gary Lanigan provided the upset of the season in Mixed League action. Hogan's Heroes had jumped into a 5-0 lead after two ends when Lanigan's rink of Bruce Kellar, Donna and Julie Andrews managed a single point in the third, then proceeded to steal the last five ends for a 7-5 decision to remain in contention in the "A"

Division. Fred Berning took a stranglehold on first place by demolishing Don Fevreau 13-3. In other matchups, Dennis Fiddler downed Jack Watson 10-4, Chuck Lindsay clobbered Clem Peters 13-3, Ches Gadway defeated Dan Denault 9-4, Roberta Walsh edged Dave Nicholson 10-9 and in the battle of the Smith family, father Bill outdistanced son Mark 11-8. Standings as of February 24 are: "A" Division - Fred Berning, 186½ points; Roger Hogan, 170½ points; Don Fevreau, 159½ points; Gary Lanigan, 151½ points.

"B" Division - Dennis Fiddler, 173½ points; Chuck Lindsay, 173½ points; Jack Watson, 153 points; Clem Peters, 146 points; Bill Smith, 130 points.

"C" Division - Dave Nicholson, 147½ points;

Northern Lights

Neither rain nor...

By VIRGINIA MUENZEL

I understand the postal workers are thinking of going on strike again. Something about job security. Must be the post office found a machine that could screw up the mail as badly as the employees. I feel sorry for them really. I'd like a little job security too. Wouldn't we all. And also, their rate of pay.

It must take years of study to do what they do to our mail. Why, right now, we're waiting for a manilla envelope of papers that my mother-in-law mailed from Buffalo on February 2. It must be touring the country, or checking out all the mail slots in the dark recesses of the basements of the Toronto and Lindsay post offices.

It's also very interesting to send a letter to Buffalo. Thirty-seven cents a stamp we pay. They don't call them overseas stamps for nothing. I'm sure that's where all my correspondence to New York goes via. Would you believe, it takes an average of two weeks for a plain old letter to get there? And heaven help us if we send an insurance policy payment down. In the first place, the bill never arrives until the payment is almost past due. The last time we sent them a cheque, it was one month before they received it. Another cheque I sent state-side didn't get cashed for two months.

Even cheques sent to Montreal or Fort Erie disappear for weeks on end. And my neighbour tells me the books she gets come in slightly dismantled boxes. Maybe the mice are looking for food.

I can only conclude, that somewhere in the postal system, is a machine, or gremlin, or deranged person lying in wait for envelopes resembling bill remittances, with addresses that sound interestingly troublesome, should they fall into that great twilight zone of the Canadian Postal Building.

But, the past due notices that follow the non-appearing cheques, they come in record time. Same gremlin, no doubt. Then, I have to go through all the bank statements, and find the cheque numbers. If the month has passed, and the cheque has been cashed, I then have to send a photo-stat of the offending cheque (both sides) to prove to the company computer that I really have paid said bill.

Which leads us to another interesting saga. Have you asked for a photo-stat of a cheque lately? You must do. It's a ball. Like, they are no longer filed in the basement of the local bank. Some supreme being decided that Toronto was the place for all the cancelled cheques. I mean ALLLLL the cancelled cheques. Now, you'd think, in this age of computers, and electronic gadgetry, that a teller could go to a magic little machine,

Sandra Roberts of Haliburton has served the Girl Guide movement in the area for the past 10 years, and last Friday she was presented with a pin marking the achievement. Pat Creelman, left, made the presentation.

Home Support News

By DONNA BAILEY

Haliburton County Home Support Services purposes are: "to enable the elderly and handicapped to remain independent in their homes for a longer period" and "to create in the community an awareness of the process of aging and the needs of the elderly".

We do these through various programs. 1. Meals on Wheels - a nourishing meal delivered to the home by a volunteer at a cost of \$2.50 per meal three days a week. 2. Transportation - locally and out-of-town. Volunteers offer low cost service with a personal touch. It enables you to attend appointments, banking shopping, visiting, etc. 3. Home Help - for minimum wage - housework, laundry, windows, minor re-

pairs, grass cutting, snow removal, etc. 4. Fone-a-Friend - someone with common interest will phone you on a regular basis, especially for those living alone. 5. Friendly visiting - someone visits you at home for a chat and will assist you with letter writing, reading, errands, etc. 6. Wheels to Meals - volunteers pick up persons going to meals and take them home again. Dinner is \$4, dinner reservations are re-

quired.

These programs are available in most parts of Haliburton County to persons 55 years old and older and to any handicapped person. If you require more information, please contact our office at 457-2941, or drop into our office, which is located in the Drag River Municipal Building, opposite Emmerson Lumber in Haliburton. We welcome the opportunity of serving you.

Senior League

By BERT HARRISON

Dear Readers: There really is no reason for me to say, you all know it keeps snowing almost every day.

Our maintenance men are kept busy keeping things running smoothly inside and keeping the driveway clear on the outside.

Congratulations to Chris Precor we would like to say, who celebrated her birthday this 17th February day.

I'm sorry to report that Mrs. Avery is still in St. Joseph's Hospital; how long she will be there, we don't know.

In the chapel service Sunday night, not too many were there. Harold Thompson read the lesson, Ruth lead in prayer. Then Rev. Burgess spoke on the 99 sheep who were safely in the fold, but interesting is the one that was left out in the cold.

Edna Cowen is a lucky girl, she always is a winner. Her son, Bob, came and took her out to dinner. Her roommate, Lillie Hogg, really doesn't pout, but says someone seldom takes her out.

The flu seems to be starting up again at Hyland Crest. Some have got it in their joints, others in their chest.

Our ladies are working in the craft room trying to keep things up to par, making different ideas for their July bazaar.

We were all saddened here at Hyland Crest when we learned of the passing of Al Smith. The great violin player who came here each month played fine music and gave us of his best. Our deepest sympathy to his wife, relatives, and all he held most dear. We are sure he had many friends, music lovers both near and far.

Tuesday morning Rev. Westhaver of Minden United Church took the service in the chapel. Fred Ballard came to play the music. He told us how he came to meet a man of many crimes, and

how he became converted and everything turned out fine. It was a very interesting story, with us he did discuss. We thank him for coming and revealing it to us.

Doris showed us movies Tuesday afternoon, which were really grand: "Hold the

Ketchup", "The Highland Heart of Nova Scotia", and "High Arctic Life in Iceland".

Our entertainers came Tuesday night, Gordon Houghton, Mervin Rivers, Mervin Raeder, and Murray

Please turn to Page 12

Question

from page 5

leave it all to the people who know about such things. This time it is unlikely that anyone knows for sure anything about what will be put in space except the American military establishment.

The American people have not been told what was carried on the shuttle when the military took it on its last flight. The American government requested that the news media should not even speculate on the shuttle's load.

Canada is a nuclear free country now. New Zealand and Australia have refused to allow American warships, which carry nuclear warheads, to use their harbours. Why would our government give approval to a project which would allow one country to use outer space for military manoeuvres? Who knows when military space stations will start going over this country? Who knows when they will contain deadly nuclear weapons? What country has the right to put anything into outer space?

Is there a chance that we can be lulled into complacency by the harmless sounding names which are given to a frightening possibility?

THE HALIBURTON COUNTY ECHO AND MINDEN RECORDER

Wilberforce News

By WINNIE SCHOFIELD

It is seldom that you will find a complaint in this column about our thriving little village of Wilberforce. A boost does more for the area than a beef. However, there is plenty of room for improvement. It has been a matter of concern to some residents and is really a disgrace that if you want to purchase gas for your car you must drive to Tory Hill or to Harcourt. There is a lot of business being lost here and the inconvenience to visitors is regrettable. Another peculiar situation, when you consider the need for work in this area, is the shifting of the returnable bottle depot to Harcourt. Surely someone could have taken on this profitable little business.

Improvements essential to the village are a garage, a bottle return and a restaurant. These are simple services that every resident expects.

Our genial Postmaster, Murray Agnew, has been greatly missed. Murray has been a patient in the Peterborough Civic Hospital for some time now. We tend to take for granted the courtesy and dependability that constitutes the excellent service we have long received with our parcels and letters. Good service is still provided but we do miss Murray and send best wishes to him for an early recovery and return to the Post Office.

We have been asked to bring to your attention the information about Medcom Patrol Inc., a non-profit rescue organization based in Toronto, that is currently in the process of proposing an ambulance service to cover the Wilberforce and surrounding areas.

Negotiations are now in progress with the Ministry of Health and other Governmental agencies for a full-time Ministry of Health Ambulance system.

The Ministry of Health requires documentation of the need to have an ambulance service, therefore, we are requesting that residents sign the petition forms, which are available at the following locations: IGA Wilberforce, Monmouth Arena, Red and White Store, Ridgeview Restaurant and Gas Bar, Monmouth Library and Martin's Lumber Mill. We feel that a full-time

ambulance service is greatly needed in this area to reduce response times and to lessen the burden on other departments such as Haliburton and Bancroft Ambulance services.

Your support will be greatly appreciated.

This would be run by the Ministry of Health (probably as a subsidiary of the Haliburton branch).

Here is a message from your Red Cross organization. Members of the Wilberforce Red Cross Executive met at the home of president Ken Sanderson. The year's activities were reviewed. The two main issues were the nominating slate to elect a new president for the terms ahead and the establishment of a date for the annual meeting.

The position of president was left open, however, the evening of March 8 was set for the annual meeting. It will be held in the Lloyd Watson Memorial Centre commencing at 6:30 with a pot luck supper. It looks like a good time ahead for all with entertainment, guest speaker, yearly review and awards.

Mark the date. Bring the entire family and enough food for yourselves. Learn what Red Cross is doing in your area and the world. The theme of the evening will be on Water Safety Awareness.

Weekend Tri-County Hockey games continue at the arena. Sunday playoffs resulted in Martin Lumber 3, Sports Centre 3, and Wilberforce 7, Whitney 3.

On March 1, Harcourt Chapel families and friends will enjoy a family skating party at the arena from 7 to 8 p.m. Following this everyone will meet at the Ken Sanderson home for refreshments and a sing along.

Remember that the World Day of Prayer comes on Friday, March 1 and that the service will be held at the Wilberforce United Church at 7:30 p.m.

On March 2, this Saturday, the Tory Hill Snowmobile Rally begins at 1 p.m. Dinner will follow in the evening at the Tory Hill Recreation Centre and a dance later at the Lloyd Watson Centre.

Roberta Walsh of Wilberforce, right, was presented with a pin for 10 years of service to the Guiding movement in Haliburton County last Friday. Making the presentation was Pat Creelman, left.

Norland Natter

By KELLY GRAHAM

Hi. I hope you all had a great week. Luckily the March break is in sight. I'm afraid I will be missing a column during that time period as I will be vacationing in London, England with a group of 22 theatre arts students from my school. It should be an exciting trip and I hope to tell you about it after I return.

Before I say anything else I would like to apologize to Debbie Chynoweth of Norland. Last week I announced her engagement to Robert Gerrow of Cannington.

In actuality it is Diane Chynoweth, Debbie's sister, who is engaged to Mr. Gerrow. My apologies and best wishes to Diane and Robert who will be married on June 1 at four o'clock.

The winner of the hockey pool last week was Christine Bryant. The winner of two weeks ago was Carol Magee. Congratulations to both the lucky ladies.

My sympathies to friends and family of Fred Lewis, of

Norland, who passed away recently.

Last Sunday, February 17, Norland held its annual town skating party. The party drew well over a hundred people who braved the cold weather and snow to enjoy skating and sleigh rides. Free hot dogs, hot chocolate and coffee were added attractions - however some felt snow accumulation would bring down the roof of the tent where they were being prepared. All considered a great time was had by everyone who attended. I'm sure we'll all be looking forward to next year's party.

Last Saturday, February 16, the Norland Women's Auxiliary and the Norland Volunteer Firemen had a family fun night at the Norland Community Hall.

Various games and a pot luck supper were enjoyed.

The euchre scores last week were as follows: ladies - Judy MacDonald, first; Vina Neal, second; Vina Neal,

lone hands; Inga Wassell, consolation. Men's - Annie Watson, first; Tom Bowins, second; Everett Fountain, lone hands; Frieda Boyce, consolation. Bridge - Myra Dyon, first; Percy Cooper, second; Barb Kenneth, consolation.

The Norland Kindergarten will be having its registration on the morning of March 21 and the Coboconk Kindergarten in the afternoon. Children must be five as of December 31, 1985. Birth certificates and immunization records are required.

On Thursday, February 21, the grades Kindergarten to four classes of Coboconk Public School travelled to Burnt River to see a production of "Tales from Beatrix Potter". The skits were very well done by two young men from the A-1 Theatre. They took all the parts. The children had a great time and the school librarian is anticipating many requests for Ms. Potter's books as a result of this trip.

Kinmount Korner

By MILLIE MOSS

Lyle Anderson is now home from his recent stay in hospital and is improving each day. The Anderson family would like to thank everyone who has been so thoughtful in keeping snow cleared and for cards, calls and prayers. There are too many names who have helped in numerous ways to mention, says Gladys. Thank you too, to little grandson, Drew Anderson who came to stay with Grandma while Poppie was in hospital. He was a great help.

While we are in the thanksgiving department: many, many thanks to the family of the late Shirley Harris who so kindly donated a wheelchair, walker and canes to St. James Anglican Church in Kinmount. Shirley would have been pleased to know her belongings would be doing some good for her old friends.

Happy birthday to Marie Card on February 25 and a very happy day on February 26 which is Marie's and husband Bill Card's wedding anniversary.

Belated happy birthday to Jessica Bowman who turned seven years on Thursday, February 21. A surprise family party was held and Jessica was surprised and pleased when her aunt Julie Woodcock arrived for her party, from Toronto.

I enjoyed a pleasant phone chat with Gladys Anderson and Hilda Buxey this past week. Hilda was telling me stories of her travels in England recently. Her husband Jesse is preparing for another reunion with old

wartime buddies in the near future.

Results of the Galway Wednesday card games are: men's high, Leon Wright; men's low, Jim Nightingale; ladies' high, Flo Drinkle; ladies' low, Ruth Menard; most lone hands, Brenda Longhurst. I was sorry to hear that Ray Allen is still in Civic Hospital in Peterborough. Ken Gardiner is taking eye treatments at hospital. Annie Whatley is in hospital as is Jean Newby. Maggie Kylie had a very bad cold last week, along with a number of other cold and flu victims. All of you get well soon.

Zone cribbage was held in omemee on February 9 with 22 participating teams. Final results for the day were: Coboconk in first place, Omeme taking second, Lindsay third, Omeme fourth, Cannington fifth, Omeme sixth. These six teams now advance to District in Bowmanville.

I enjoyed all your phone calls this week folks. Now that I've left Avon I won't be seeing some of you as often as I used to but thanks for all the past kindnesses. Please keep in touch.

Our son, who drives many miles in a week on his job, was far from home during that terrible storm last week and was driving on wet and slippery roads when suddenly he was in a whiteout. Bill said it was so startling that he automatically started to

brake when what appeared to be headlights passed in front of him. He couldn't think of what had happened until he heard a crash. A tractor trailer on the opposite side of the highway had hit the same whiteout, braked and slipped off the pavement, thus losing control and headed to the opposite side of the road. It was his headlights that passed in front of Bill. The motorist following Bill saw him disappear into the whiteout and started to slow and it was he who was hit by the tractor trailer. Bill said it appeared that the motorist was cut with the flying glass and the truck driver may have had a broken leg. That night when Bill phoned, he said, "Mom, you're talking to somebody who could have been just a memory tonight!"

The Kinmount Public School Speaking Contest will be held at the Royal Canadian Legion Hall in Kinmount on March 4, 7:30 p.m. Everyone is most cordially invited to attend and support our young people. They have worked hard towards this goal. The Legion is also sponsoring a poster contest for the pupils. Prizes will be given by the Legion to the top orators and more on this next week.

Stay well and happy, read the Echo, call me at 488-2353, and remember, my goal in life is to die young - but at a very old age.

The best medicine for your budget

cure your ailing budget.

Attention Property Owners and Tenants In The Townships Of Glamorgan and Cardiff

WANT TO APPEAL YOUR ASSESSMENT?

You still have time to appeal your 1984 assessment if you feel your home or business property has been improperly assessed.

Your assessment is important because the amount of property tax you pay depends on it, in that the assessed value of your property is multiplied by your municipal and school mill rate to determine your 1985 property taxes.

Notices of Assessment have been mailed to property owners and tenants whose assessments have changed since last year. Open houses have been held in your area to answer questions and amend assessment information if necessary. Open house dates and locations were announced in a previous advertisement.

The Assessment Roll has now been delivered to your municipality for the purposes of calculating the amount of taxes you must pay on your property in 1985. For information on your assessment, the Assessment Roll is now available for review at your Municipal Office during regular business hours. If you feel your property has been improperly assessed, and you have not yet made your appeal known, you still have until March 8, 1985 to deliver or mail an appeal to the Assessment Review Board. **And remember, even if you did not receive a Notice of Assessment, you still have the right to appeal.**

Appeal deadline—March 8, 1985

The Assessment Review Board is an impartial body reporting to the Attorney General of Ontario, which provides you with an additional opportunity to have your assessment reviewed if, in your opinion, it is not fair and equitable with similar properties in your area. The Review Board is more informal and relaxed than a regular court of law. You may present your own case, retain a lawyer or ask a relative or friend to speak as your agent.

To help you in filing your appeal, Notice of Appeal forms are available from the Assessment Review Board, your Regional Assessment Office or your Municipal Office. As well, you can use the reverse side of a Notice of Assessment or write a letter stating the property address and roll number, together with your reasons for appealing. Appeals should be forwarded to the Regional Registrar of the Assessment Review Board listed below.

Dorset News

By PHYLLIS BRISCOE

Intended for last week
"Where necessity ends, curiosity begins; and no sooner are we supplied with everything nature can demand, than we sit down to contrive artificial appetites."

Hooray! Hooray! We are in the last half of that terrorist that we have to contend with, old man winter. It's just four weeks to the first day of spring, so cheer up. Even if the worst may be yet to come, as the saying goes, it can't be long until the buds are popping out. Just abide with the thought that spring is just around the corner, even though we aren't sure which corner. Of course, the skiers and lovers of winter sports are happy with lots of white fluff and would like it to linger on for a while. But with the driving hazards, roads closed as well as businesses and schools, especially in the central and southern parts of the province, I'm sure most everyone will be happy to have green instead of white fields and roads free of ice and snow.

I hope that I am not chastized for this but I slipped up on a couple of birthdays. Belated greetings to Daisy Townsend who celebrated on the 15th and Jon Derry who added another year on the 16th. We hope they both had jolly celebrations on their special day. We wish Maida Stewart many happy returns on her birthday on February 20.

Andy MacKay is back home after a visit with her son Wallace and his family. I'm sure that the winter has passed more quickly for her, having had visits with various members of her family living in various parts of the province, during the last few months.

A Girl Guide Rally was held in the Dorset Community Centre on Friday, February 22 at 7 p.m. in celebration of the 75th anniversary of the movement. Anyone who has been associated with the Girl Guides in any way was cordially invited to attend the event. Following the rally there was a bonfire.

The Dorset Snowmobile Club have to be congratulated on the energy of its members. They celebrated Valentine's Day with a dance at the Dorset Community Centre which was very well attended, with music being provided by Jeff Avery. A Poker Run preceded the dance and attracted a number of people including many summer residents here for the weekend festivities. This

club has many entertainment activities during the winter months to help pass the time and get people over the so-called winter blues. Middle age is when you

don't have to have fun to enjoy yourself, work is much less fun and fun is much more work. H.H. To keep the air fresh smelling and eliminate

odours place a sheet of scented Bounce in your heat register. When the furnace comes on the entire house will smell fresher. Change periodically as required.

Agricultural News

Field Crop Recommendations now Available

The 1985 issue of Field Crop Recommendations (O.M.A.F. Publication 296) is now available for Ontario farmers. A good supply of the booklets arrived in the Lindsay Agricultural Office late last week. Many local farm supply outlets will also have a supply of these booklets.

As usual, there are many changes throughout the publication, some of which are minor and others are significant. Every farmer should obtain a copy of this publication and consider its recommendations for those crops which are planned for 1985. Publication 296 includes recommendations on crop management, on variety selection, on fertilizer use and on disease and insect control. The major crops covered are corn, forages, cereals, beans and peas, soybeans and canola.

In response to the problems encountered across Ontario last year with corn rootworms, information on rootworm control measures, both cultural and chemical, has been expanded. This year the recommended insecticides for rootworm control are listed in relative order of effectiveness. Also in the corn section, suggestions on the proper use of anhydrous ammonia and urea to avoid seed injury or fertilizer loss are included.

There is a lot of new information in the forage crop section, including eight new alfalfa varieties and one new brome variety, in addition to two new forage species considered for pasture crops.

In the cereal section, several older varieties have been dropped in favour of new superior varieties of oats and barley. A new table provides information to assist farmers in selecting the most profitable amount of nitrogen to apply to winter wheat this spring.

The recommended variety list for soybeans has been expanded considerably with 14 new varieties. There are now 10 soybean varieties which can be considered by growers in Victoria County.

The sections on soil management and fertilizer use

and on the safe use of pesticides continue to be important to all farmers.

Copies of the 1985 edition of Field Crop Recommendations for Ontario are available free of charge from any County Agricultural Office, or farm supply outlet. Ask for your copy now to help plan your cropping program for the coming months.

Motivating Group Members

Do you belong to a volunteer rural organization? If so, you are among the thousands of people that provide Ontario with many community activities and opportunities. Agricultural fairs, 4-H clubs, producer groups and special interest societies such as horticulture all are maintained by volunteers in the executive and membership.

Sometimes volunteer boards move ahead in great strides; at other times, members are difficult to motivate. Why does this happen, and how can you overcome the problem?

Motivation is the theme of the RSVP workshop planned for Saturday, March 9 in Omeme. Don Groff, a consultant from Creative Development Unlimited, Kitchener, will be leading the morning session on motivating group members. Afternoon sessions include assessing your groups' vital signs and managing a volunteer board. Carol Stewart Kirkby, OMAF, and Ralph Hodgson, Secretary-Manager, of Lindsay Central Exhibition, will be the afternoon resource people.

A pre-registration fee of \$10 includes lunch and all course materials. The course is open to all rural organizations, however, space is limited. Please contact the Lindsay Agricultural Office for further details.

Carnarvon News

By ANN McKAY

Mr. and Mrs. Stan Archer have returned home after staying with their grandchildren in London, Ontario while the children's parents, Mr. and Mrs. Cliff Archer, were on vacation in the Dominican Republic. On their return Cliff and Jan discovered they were the winners of the Hawaii trip sponsored by the Rail's End Gallery. Congratulations.

Mr. and Mrs. Les Dennison spent the weekend with her mother, Mrs. Grace Renouf. They attended the funeral of Les' Grandmother, Mrs. Thern Corby. We extend our sympathies to the family.

Bill McKay met with an accident while working in the bush last Monday when a tree fell on him, breaking his leg. He was hospitalized in Peterborough until Thursday when he returned home complete with full leg cast and crutches.

Mr. and Mrs. Max McKay are back home after spending some time in Peterborough helping son Ken move into his new home after being transferred there.

They then went on to spend two weeks with daughter Laurie and family in Brockville. While there they saw three robins on a shrub in a neighbour's yard, either an early arrival or late getting away. Hopefully it is heralding an early spring.

Mr. and Mrs. Ron Fennell were in Brockville to attend the funeral of his brother, Earl Fennell. We extend our sympathies to Ron and family.

Is it true the world was a better place to live when there were more whittlers and fewer chiselers?

Minden News

By MAIZIE AUSTEN

A very happy birthday to Amy Fountain on Sunday, March 3.

We wish Mrs. Warder all the best on her retirement. She was a good teacher and a patient one too.

If anyone has any news for me to include in my column please call 286-3607. Thank you.

Sincere sympathy to the family and friends of Mrs. Thern Corby.

Five year old Crystal Austen has a safety message for you younger ones. When you are through cutting with your scissors be sure to put them up. Crystal left the scissors on the chesterfield when she went to do something else. When she returned she bounded onto the chesterfield. The scissors blades were open and Crystal's foot went between the blades. Needless to say she cut her foot, so remember to put the scissors up when you are through.

Last Thursday afternoon's card party winners at St. Paul's Anglican Church were the following: lone hands, Florence Schlosser; others were Jeanne Sears (on a cut), Alice Todd, Sid Rowe and Harold Mercer.

Thought for the day: one rarely weighs the faults of others without putting the thumb on the scales.

There will be an exhibition of paintings by George Kovacs, Jansje Bowens and Margaret Wade beginning on Thursday, February 28 at 7:30 p.m. at the Agnes Jamieson Gallery. Gallery hours are Monday to Saturday 10 a.m. to 5 p.m. Plan to attend the opening Thursday at 7:30.

As I write this column Charlie Palmer is still a patient in the Minden Hospital, but he expects to be released the early part of the week. We are glad to hear you are feeling better, Charlie.

I have received a few news calls but to continue the column I will need a few more calls. I'll be waiting for the calls up until 10 a.m. on the Monday for the Wednesday paper. Thank you.

Household Hint: Lint - For lint on corduroy put in a dryer, or bury the corduroy in snow; or use a damp sponge.

There is a lot of water lying around and it doesn't hurt to remind the small children not to play near it and watch for thin ice.

There will be movies at the Library/Cultural Centre for the children on Friday, March 1 from 7:15 to 8:15. Admission is free.

If the weather co-operates and turns colder and stays cool there will be stock car races on ice at the Minden

fairgrounds Saturday and Sunday, March 2 and 3 from 12 noon until 4 p.m.

There will be a clearance rummage sale at St. Paul's Anglican Church Friday and Saturday, March 1 and 2 from 10 a.m. to 4 p.m.

Recipe for this week: Apple Crisp - 5 or 6 medium apples, 1/2 cup water, 1 tsp. cinnamon, 1/4 tsp. salt, 1/2 cup butter or margarine, 1 cup brown sugar and 3/4 cup of flour. Pare the apples into buttered casserole. Drizzle with water and sprinkle with cinnamon and salt. Rub the remaining ingredients together and crumble over top. Bake at 350° F. for 40 to 50 minutes or until apples are tender. Serve warm with cream. Serves 6. Other variations - Molasses Apple Crisp: pour over apples 1/2 cup molasses and decrease brown sugar to 1/4 cup or Peach Crisp - use peaches instead of apples and reduce sugar to 1/4 cup. Omit cinnamon and sprinkle peaches with a tablespoon of lemon juice. I hope you try this and enjoy it.

That's all for this week. Drive carefully, keep well and I hope to see you all next week.

West Guilford News

By E. COOPER

Thanks to Mr. and Mrs. Pat Morrison who have donated \$100 to the Skating Rink fund for the Centre.

Attention all: Snow Shuffle begins at 1 p.m. on March 2. This year it's a land trail to ensure safety from dubious lake conditions. There are prizes for the oldest rider, the youngest one, and the most sportsmanlike. It's \$7 per person to enter. Just be at the Centre at 1 p.m. to enter. Prizes will be given out at supper and dance time. The tradition is to have homemade bread and chili, stew and baked beans.

Donations are being accepted by the building fund of the Recreation Centre. When the fund is big enough a grant from Wintario can be managed.

March 15 is developing into a talent night for the community. Local people are

providing music and dancing. The proceeds will go toward Red Cross work. This is the effort made instead of canvassers calling on you. Come to the concert and bring your Red Cross donation. Lunch will be provided afterwards.

An error or two from last week should be corrected: Juanita Sisson is from Westauwin, not Calgary. Pat Hicks is visiting her family, Mary and Bob Barry and is not in Florida as reported. Sorry. Bev is working as usual and not on holiday at all. I could be fired for this!

Alma Morrison accompanied Cliff and Wilma Barry to Bracebridge on Sunday to pay respects to the family and friends of the late Abe Upton.

Shane and Linda Sisson now have their son home

from hospital. Welcome home, little Ryan.

The community at large is welcome to attend the World Day of Prayer service at 2 p.m. on Friday. This year it's at St. Andrew's Anglican church. The service was written this year by the women of India and includes a candle-lighting ceremony. A social time and lunch follows. The theme for the day is Peace through prayer and action.

Sid Cooper is now our deputy reeve until the November elections.

Shirley Sisson is having a short visit with her Yateman family in Bowmanville.

Ches Gadway, 144½ points; Roberta Walsh, 136½ points; Dan Denault, 127½ points; Mark Smith, 110 points.

In the Industrial Men's playdowns to determine the League winner, lopsided scores were the rule as Harcourt's Martin Lumber downed Wilberforce Legion 13-4, Highland Grove's Hogan's Harvesters defeated Harcourt's Elephant Lake Lodge 14-6 and Wilberforce Berning Construction showed no mercy as they bashed Barr's General of Gooderham 18-3. In tomorrow night's semi-final action, the Wilberforce Golden Ponders hope to seek revenge for their only defeat of the season as they tackle Berning Construction while Hogan's Harvesters must get by Barr's General to reach the final.

In reporting on the Ladies Valentine Spiel last week, we neglected two star performers. In attendance during the day was the apparent successor to the Cabbage Patch Doll craze, a surprising bearded wonder by the name of Peter and it was a toss up as to the creator of the greatest commotion, Peter or Diamond Dave, who dazzled his eight delighted and demanding damsels to such a degree that he was awarded the "Crystal Heart". In answer to numerous requests, information will be forthcoming on how you can adopt your own "bearded wonder". In answer to other requests, "Diamond Dave" is already spoken for.

ing of the Committee was held and Bruce Armstrong was voted in to be the Games Co-ordinator and Don Robinson as the Community Co-ordinator. Anyone interested in being a convenor for an event please plan to attend the next meeting - March 18, 1985, which will begin after the Coffee Hour speaker in the Committee Room at the Drop-In Centre, at approximately 10:45.

Be watching for our Spring Programs to commence the week of March 18. Coffee Hour, being one of our new events, will be held Monday and Wednesday mornings - 10:00 a.m. to 11:30 in the Drop-In Centre (located in the Drag River Municipal Building). A number of speakers will be addressing a variety of current topics. Drop in and visit us! We are open Monday to Friday - 9 a.m. to 4 p.m.

Senior League

from page 9

and Shirley Davis. They played and sang so lovely for us, and much pleasure they surely gave us.

Olive Hamilton, who works in the office here at Hyland Crest, has undergone surgery. We hope it has been a success.

We have just learned of the passing of Mrs. Therm Corby, who was a resident here for quite some time. Sympathy for her family and relatives.

Congratulations to Mrs. Daniel we would like to say. Members of the Auxilliary are giving \$25 to the Cat Scan Fund in honour of Mrs. Daniel's 100th birthday.

They took Harold Hogg to Lindsay this Thursday to see the doctor and he came back the same day. We hope he will be okay.

Thursday afternoon, the ladies from the Lutterworth Estates brought and served a delicious lunch, which was surely grand. Harold Thompson came along to see that the ladies behave themselves the way they should.

Then Ruth played for a sing-a-long, which was really good.

We would like to thank the bingo callers, who came to call the bingo numbers Thursday night. Edna Cowen won six bingos, she surely

did alright.

Grace Coburn comes in each Friday afternoon to entertain and sing, with someone coming the music to play. I was so weak and crippled up I didn't attend today.

Northern Lights

from page 9

push a certain button, and make a copy of my errant cheque appear in a matter of minutes, or at least an hour. But no. They have to mail (yes, I said mail) a request for the thing, which, in turn, must be mailed, (you got it) back to the local bank. Giving the nasty little gremlin two more chances to sock it to you.

But, I'll give them credit. I got my photo-stat in a week and a half. In the meantime, of course, two more dunning notices arrived in record time to tell me it is too bad what I'm doing to my credit rating by virtue of non-payment.

MOE studies acid pollution

Data provides picture of how contaminants spread

from page 2
origin of the pollutants.

For the cumulative wet/dry deposition network, 36 sites have been chosen for automated precipitation samplers. Low-volume air samplers are located at 23 of these sites. The sites have been selected following basically the same criteria used for the selection of the event deposition sampling stations.

Because variations in the amount of deposition are larger in southern Ontario, most of the samplers have been placed there.

The objectives of the cumulative wet deposition network are to allow the study of the chemical composition of precipitation within the province and to allow the determination of the long-term wet deposition of various chemicals across the province.

The objectives of the cumulative dry deposition network are to determine the ambient concentrations of airborne acid-related pollutants as well as the long term dry deposition of various chemicals across the province.

Each cumulative wet deposition site is equipped with an automated deposition collector and a standard precipitation storage gauge. At the dry deposition sites, low-volume sampling packs with air filters are used to estimate dry depositions. The filtration system is equipped with a heavy duty diaphragm pump in which the flow rate is controlled, a temperature compensated dry gas meter to allow accurate monitoring of the air flow and digital counters to record the total volume of the sample and the time of operation. The two stage polypropylene filter pack is mounted at a height of two meters.

The wet deposition samples are collected every 28 days on Tuesdays. The operator removes the sample, cleans the instrument, places a new sample bag into the sampler, checks performance

of the instrument, measures the storage gauge and records the observations. The filter packs of the dry deposition samplers are collected at the same time, and replaced by new ones. The digital counters on the sampler are reset to zero and the instrument is switched on to resume operations.

The wet deposition samples are sent to the ministry's laboratory and analyzed for volume, conductivity, pH, total acidity, SO₄, N-NO₃, N-NH₃, chlorine, calcium, magnesium, sodium, potassium, total Kjeldahl nitrogen, total phosphorus, zinc, iron, nickel, copper, lead, aluminum, cadmium, manganese and vanadium. The dry deposition samples are analyzed for essentially the same elements and compounds as the wet deposition filters.

The data gained by analysis are entered into the ministry's Sample Information System data base. Analysis of the data gained involves the calculation of cumulative wet deposition rates as the product of pollutant precipitation concentration times the true precipitation depth. Reports of cumulative concentration and deposition data listing and annual statistics are published regularly. The data gained by the analysis of dry deposition are also entered into the data base and processed and published in reports similar to the wet-data reports. **From Environment Ontario's 'Legacy' publication**

**THE COUNTY OF HALIBURTON
KASHAGAWIGAMOG LAKE ROAD
(County Road #18)**

THE COUNCIL OF THE COUNTY OF HALIBURTON PROPOSES TO PASS A BY-LAW AUTHORIZING:

- 1) The removal of the existing structure on County Road #18, located in Lot 19, Concession 2, Township of Minden being described as M.T.C. site No. 040-0035.
- 2) The construction of a new box beam type structure in Lot 19, Concession 2, Township of Minden at the narrows between Kashagawigamog and Canning Lakes along with the required approach works of clearing, grubbing, gradings, granular base and paving thereof; to provide a two lane structure and approaches.
- 3) The Municipality herein further authorizes the closing of said County Road #18, South Kashagawigamog Lake Road, on either side of the bridge site during the period of removal of the existing structure and the construction of the new structure.

The Council of the County of Haliburton will hold a meeting at 10:00 a.m. on the 20th day of March 1985 in the County offices, Newcastle Street, Minden, Ontario at which time they will hear in person or his counsel, solicitor or agent, any person who claims that his lands will be prejudicially affected by the by-law and who applies to be heard to the County Clerk by Tuesday, March 19, 1985.

Information with regard to the above proposed work may be obtained at the office of the County Engineer (telephone 705-286-1762)

DATED at Minden Township this 18th day of February 1985.

M. Fearrey
Chairman

W.E. Obee, P.Eng.,
County Engineer.

Municipality of Dysart et al

NOTICE OF PUBLIC MEETING CONCERNING A PROPOSED OFFICIAL PLAN AMENDMENT

TAKE NOTICE that the Council of the Corporation of the United Townships of Dysart et al will hold a public meeting on Wednesday, April 3rd, 1985 at 7:30 p.m. at the Township Municipal Offices, Haliburton, Ontario to consider a proposed Official Plan Amendment under Section 17 of the Planning Act.

The proposed amendment will introduce into the Official Plan policies to control the development or expansion of mobile home parks in rural areas.

ANY PERSON may attend the public meeting and/or make written or verbal representations either in support of or in opposition to the amendment to the Official Plan.

ADDITIONAL INFORMATION relating to the proposed Official Plan Amendment is available for inspection during regular office hours at the Township Municipal Offices, Haliburton, Ontario.

Dated at the Township of Dysart this 25th day of February, 1985.

Wayne B. Wood, C.M.C.,
Clerk-Administrator,
Municipality of Dysart et al,
P.O. Box 389,
Haliburton, Ontario

THANK YOU

A big thank you to all the parents and sponsors who have helped the grade eight students raise money for the Quebec City trip in May.
C. Childs
27-P-27

DOVELL - Words can never express our gratitude and thanks to our relatives, friends and neighbours for their floral tributes, memorial donations, cards, food, and for all your support during the loss of a dear husband, father, and grandfather, Floyd. Special thanks to Rev. Bradley and Mackey Funeral Home.
Etta Dovel and family
27-P-27

A sincere thank you to my friends, neighbours, and relatives for the phone calls, cards, flowers, food, visits and the many prayers offered for me during my stay in hospital and during my convalescence.
A special thanks to Dr. Hartwick, Dr. Belch, Dr. Boyle, the nurses and staff at St. Joseph's.
To Greta and Mel, your loving-care was so much appreciated.
God's blessing on all,
Vittoria Formica
27-P-27

IN MEMORIAM

In loving memory of a dear husband and father, **Lloyd McNeely**, who was called home March 2, 1984. God saw you getting tired When the cure was not to be He closed His arms around you And whispered, "Come to me". In tears we saw you sinking We watched you fade away Our hearts were almost broken You fought so hard to stay But when we saw you sleeping So peacefully, free from pain We would not wish you back To suffer that again. Dearly loved, never to be forgotten, Wife Gladys, sons Gilbert and John, daughter Sylvia. 32-P-27
